COBRA Coverage

Federal law requires that most group health plans give employees and their families the opportunity to continue their health coverage through COBRA continuation coverage when there is a "qualifying event" that would result in a loss of coverage under an employer's plan.

- Allows you to remain enrolled in your former employer's health insurance and retain any cost-sharing you've already paid (e.g. deductibles, co-insurance).
- You pay the entire group premium (employer + employee portion).
- Your spouse and children can choose to enroll in other coverage.
- Your previous plan administrator can charge up to 102% of total plan premiums for COBRA coverage.

Private health insurance through the Connect for Health Colorado Marketplace (www.connectforhealthco.com)

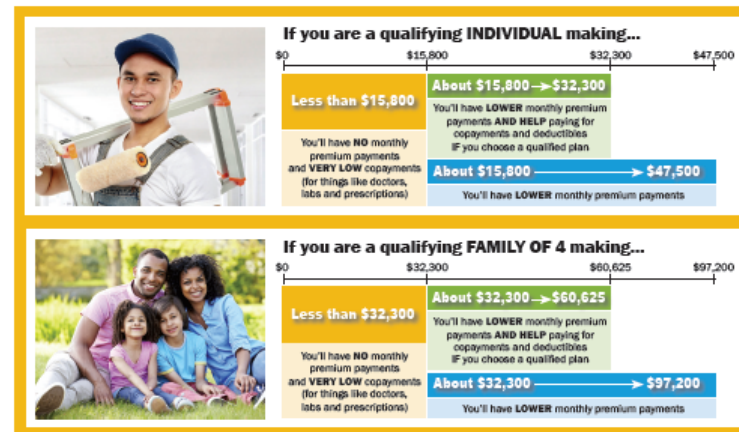

- Colorado's own competitive marketplace to shop for private health insurance for individuals, families and small businesses.
- Only place to apply and qualify for new federal financial assistance with premiums, deductibles, and copays.

Medicaid coverage

(www.colorado.gov/peak)

- Medicaid is public health insurance for people with low income.
- No monthly premium; No deductible.
- Prescription co-pays are \$0-\$5.

Discounts may apply to you*

Follow Up

Hi Jill,

It was so nice to meet you a couple of weeks ago when I stopped by to drop off information about our program!

Thank you for partnering with Larimer Health Connect to help connect more people to health coverage! As I mentioned when we met, I am sending a few links to help you connect your clients/patients to us and health coverage that fits their needs.

Below is link to a short 3 minute video that takes you through the steps of making an in person appointment with one of our Health Coverage Specialists online. This process makes it easy for you to refer clients to us with a warm handoff allowing clients the peace of mind knowing that the initial part of this sometimes daunting process of getting health coverage is already taken care of. Feel free to forward this link to anyone who might be working directly with your clients so they know how easy it is to set up an appointment with us while the client is in your office.

If you have any questions about what we can help with, would like to schedule a staff training or enrollment event, or to order more materials, please contact us at (970)472-0444 or email at info@larimerhealthconnect.org.

I look forward to working with you at the Larimer Senior Network in October!

Thank you,
